MISS WHITE COMING HOME FROM SOUTHERN COLLEGE.

Miss Blanch D. White, youngest daughter of Mr. J. George White, Sr., who is a student at Cox's College, the Southern Female College near Atlanta, left college yesterday morning for Dalton, Ga., to spend a week before coming home, visiting the Misses Smith who are so pleasantly remembered as having visited Miss White in this city last year.

The beautiful commencement exercises planned for the first half of this week were sadly broken up by the sudden death in LaGrange of President Charles C. Cox, the sorrowful news reaching the college during the commencement exercises Sunday morning. The faculty and students went to LaGrange on a special train to attend in a body the funeral of the beloved president, after which they separated for their homes, all further commencement exercises being abandoned out of respect to his memory. The diplomas being quietly and informally presented to the graduates in the presence of the faculty alone.

In this city and throughout the South former students, both graduates and non-graduates, will regret the passing of Dr. Cox who was universally loved and respected by them and by his associates in their education, as a cultured gentleman, a born educator and a genial, kindly and good man.

JOKE ON MR. SPARKMAN.

Speaking of the recent closing exercises of the Gainesville school, an exchange says:

"Prof. McIntosh introduced Hon. S. M. Sparkman of Tampa, who was the speaker of the evening. Col. Sparkman took for his theme—'Preparation of the school for the honor conferred in inviting him to address the school and his friends upon this occasion, which was followed by an address that was filled with grand thoughts and sparkling with eloquence and perspiration.'"

Of course the word "perspiration" is one of those aggravating blunders of the type overlooked by the proof reader, but it is rather a good joke on the cool, calm and collected, "continued indefinitely congressman."

A TRUE AMERICAN.

Hurrah for Admiral Dewey. He is a husband who respects himself as such, as he has definitely proved on more than one occasion to the everlasting glory of American husbandry. He is a man of a sturdy and splendid type. The latest incident to his credit is that after he and Mrs. Dewey reached New York in response to an invitation to preside at the annual dinner of one of the fool organizations—alleged to be patriarchal and patriotic but are, in reality, largely governed by petty personal politics—of which he is the official head, he discovered that his wife had not been included in the invitation though other women would be present.

Instead of indulging in the plain American language of indignation, which characterized him on the first notable occasion of his assertion of individual right toward the woman he married, the admiral quietly had an attack of gripe, that prevented him from attending the dinner but did not prevent him from returning with his wife to their home in Washington, at once.

The "frenzy" of the existing social "system" undoubtedly renders it convenient if not absolutely necessary for officials to attend many social functions, without their wives, but, to invite any married man only to any affair where other ladies will be present is to grossly insult him and the husband who would accept such an invitation is unworthy notice. Of course any semblance of manhood would resist it.

Chief Gunners Mate Peter Lydell, U. S. N., on duty on the battleship Alabama, committed suicide in the gun room on the ship at the navy yard, New York, May 15, by shooting himself under the heart with a Colt's revolver. Lydell is said to have been very popular among the crew of the Alabama, having been in the navy for more than twenty-four years. He was given shore leave on Sunday, May 14, and when he returned to the ship yesterday was severely reprimanded by one of the officers. This seemed to depress him, and he told one of his friends that he did not think he would live long. Shortly afterward a shot was heard in the ordnance room, and Lydell was found prostrate on the floor.

Surg. Hutton N. T. Harris, U. S. N., died at Pensacola, Fla., May 19, from appendicitis. He was born in Virginia and was appointed a medical officer in the navy June 13, 1887. He reached the grade of surgeon October 21, 1899.—Army and Navy Journal.

St. John's church in this city was the scene of a pretty wedding Tuesday afternoon at 4 o'clock when Miss Lucienne Denis daughter of the late Charles Denis of Paris, and Ensign Orie W. Fowler, U. S. Navy, were married in the presence of a small invited company, the assistant pastor, Rev. Edward S. Dunlap, officiating. The guests were seated by four ushers, brother officers of the bridegroom, and like him in full uniform. The ushers were Ensign John W. Timmons, Ensign Lee Pryor, Ensign Carleton R. Kear and Ensign Harold Cook. The

bride was escorted to the altar by Count Saint Phalle, attache of the French Embassy, and had as her only attendant Miss Grace Newton of this city. The latter wore a very pretty gown of white mousseline over pink tulle, with white straw hat trimmed in pink roses and tied with pink chiffon under her chin. A bouquet of bridesmaid roses completing her toilet. The bride wore a trained gown of ivory peau de sole, richly trimmed in Chantilly lace, with tulle veil fastened by white sweet peas, which also formed the bridal bouquet. The bridegroom was attended by Ensign Byron A. Long, U. S. Navy. A small reception at the Hotel Normandie where Mrs. Denis and her daughters have resided since their return to Washington followed the ceremony. Mrs. Denis received her guests in a gown of black Chantilly lace, with black hat, trimmed in white feathers. Miss Denis, who also assisted in receiving, wore black chiffon over white silk. The mother of the bridegroom wore cream colored lace and net with white hat. Ensign and Mrs. Fowler left in the evening for a wedding trip—Army and Navy Register.

Uncle Josh: "I see that Mrs. Richmond gave a dinner with one hundred covers." Aunt Miranda: "Dew tell! What on earth did she want with so many tablecloths?" Tid Bits.

Mrs. D. Carpenter and her lovely daughter, Miss Victoria of Attmore, Ala., have taken up their residence in this city and are guests of Mrs. Carpenter's daughter Mrs. Willie L. Morgan, Jr., on 14th near 12th avenue, East Hill.

Mrs. W. S. Keyser left yesterday noon for Washington to attend the closing exercises of the schools her daughter, Miss Nellie and son Campbell are attending. During Mrs. Keyser's absence Miss Katie Smith and her cousin and guest Miss McCord will look after their aunt's household on the bayshore.

Bobby's father had given him a ten-cent piece and a quarter of a dollar, telling him he might put one or the other in the contribution plate. "Which did you give, Bobby?" his father asked when the boy came home from church. "Well, father, I thought at first I ought to put in the quarter," said Bobby; "but then just in time I remembered, 'The Lord loveth a cheerful giver,' and I knew I could give the ten-cent piece a great deal more cheerfully, so I put that in."—Youth's Companion.

SOFT, GLOSSY HAIR.

It Can Only Be Had Where There Is No Dandruff.

Any man or woman who wants soft, glossy hair must be free of dandruff, which causes falling hair. Since it has become known that dandruff is a germ disease, the old hair preparations that were mostly scalp irritants, have been abandoned, and the public, barbers and doctors included, have taken to using Newbore's Herpicide, the only hair preparation that kills the dandruff germ. B. Dodd, Dickinson, N. D., says: "Herpicide not only cleanses the scalp from dandruff and prevents the hair falling out, but promotes a new growth. Herpicide keeps my hair very glossy." Sold by leading druggists. For sale by W. A. D'Alemberte, druggist and apothecary, 121 S. Palafox. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

LITTLE BOY BADLY INJURED

CHARLIE NORMAN HURT BY A FALL FROM VERANDAH OF HIS HOME.

Charlie Norman, the little son of Mrs. Fannie Norman, residing on East Gregory street, was badly injured yesterday afternoon by falling from the front verandah of his home, and it is feared that the injuries may prove fatal.

When the larger children returned from school at noon they told Mrs. Norman, who lives across the street, from Public school No. 2, that her five-year-old son, Charlie, was lying in the front yard asleep.

Intuitively the mother felt that something was wrong, for the last she saw of the little man was when he ran on the gallery to see the children when the bell rang at school. She found him unconscious, where he had evidently fallen from the gallery, with a deep cut in the side of his head where it struck a sharp edge of the brick.

Last night the child had not recovered consciousness and was extremely drowsy. Other symptoms led to the fear that he has been injured internally, perhaps seriously.

FLEET MAY NOT COME

VESSELS OF THE CARIBBEAN FLEET MAY NOT VISIT THIS PORT AFTER PRACTICE.

It is stated upon what might be considered reliable authority, that the vessels of the Caribbean fleet may not come to Pensacola next week for coal or supplies, as was expected when the combined fleet left this port a month or more ago.

A report reached the city yesterday that the four vessels of the Caribbean fleet, which had not engaged in target practice, would soon reach St. Joseph's Bay for this work, and instead of coming to Pensacola for coal and supplies, will remain at St. Joseph's and take on coal and supplies from a supply ship and collier.

This information reached Pensacola yesterday, but it has not been confirmed as yet. The vessels are all gunboats and cruisers, and it was expected that they would have reached here a week or ten days ago, or as soon as possible after other ships reached South American waters to relieve them.

Don't Neglect Yourself.

1408 Second Street,
LOUISVILLE, KY., April 14, 1905.

I have been weak and sickly for the past four years, caused by irregularity and carelessness regarding the laws of health, but about five months ago my condition became very serious. I had severe backache and suffered a constant dull pain in my head. I spent weary, painful days, and miserable, restless nights. The doctor told me that I must have patience.

His medicine did not, however, give me even temporary relief and as I had been told of the curative qualities of Wine of Cardui I decided to try it.

I found that it relieved me of pain. As my general health improved my other troubles were gradually diminished and after five weeks' use of the Wine of Cardui I was once more a well and happy woman.

WINE OF CARDUI

Wine of Cardui regulates the menstrual flow, banishes headaches, backaches and bearing-down pains. Severe headaches, bearing-down pains, indigestion, loss of appetite and nervousness are symptoms of female weakness and should be given prompt attention. If you are troubled with menstrual irregularities do not let them run on. They will certainly grow into dangerous and chronic troubles. Get a bottle of Wine of Cardui and begin treatment at once.

All druggists sell \$1.00 bottles of Wine of Cardui.

SAFELY THROUGH MOTHERHOOD WITHOUT PAIN.

What a wonderful message of hope and escape from suffering these words carry to that woman who is dreading the hour that shall proclaim her Motherhood. Perhaps for her it is the first time God has blessed her, with what awe and mystery and fear she contemplates the coming event which even now is casting its shadow before in the way of many painful discomforts? The hope held out in these words simply means that childbirth has been turned into an event of thanksgiving and joy, stripped of its agonies and dangers because of the learned skill of man.

MOTHER'S FRIEND

is the name of the remedy which means so much to the expectant mother; she can apply it herself and feel an improvement at once which it saves when childbirth takes place. The testimony of Mothers who have used it successfully will convince you; their words of praise are found in our book, "Motherhood." Send for it.
